

FORM 2

Health Act 1911; Health (Public Buildings) Regulations 1992

CERTIFICATE OF STRUCTURES FORM

This form must be delivered to the Environmental Health Officer attending this event prior to the event commencing. Any temporary structures greater than 55m² that have not been certified must not be occupied.

In the absence of the Environmental Health Officer this form must be given to the Event Organizer who then has the responsibility of delivering the form to the Environmental Health Officer within 1 working day from receiving this form.

I hereby certify that the structures listed below have been erected and/or constructed in accordance with their respective engineering details and/or manufacturers instructions.
