Raising my two young children (6 & 8 years old) in Mosman Park (Whadjuk Country) has helped crystallise my desire for a safe underpass/bridge access to our great beaches at both Wellington Street and McCabe Street alongside improved recreational facilities for children. I believe this can be achieved whilst respecting and enhancing our existing public open space combined with increasing the natural canopy through underground power across our beautiful neighbourhood to make our Town greener and more liveable.

I am committed to serving the local community as current P&C President of Mosman Park Primary School for over 3 years and an active member of Fremantle Surf Life Saving Club, recently presented with the National Patrol Service award for 10 years of service to the club. With a mechanical engineering degree and award winning entrepreneurial career, I also have over five year's experience as Chair of the board for two community based not for profit charities.
